

# Stainless Steel Cable Ties

## Stainless Steel Roller-Ball Lock Tie

- Stainless steel (AISI 316) with a unique locking ball mechanism that allows the tie to be quickly and easily installed
- Ideal for use in environmentally harsh conditions where subjected to various chemicals, acids, salts, and high temperatures
- Black acrylic coated ties also available providing additional insulation and protection to the bundle materials

Min. Operating Temp: -35°C  
 Max. Operating Temp: +180°C
