

Soft Grip Ties

Velcro® Tape

Soft Grip Ties

Material: Polyamide fleece.

These ties offer a reliable alternative to cable handling and bundling.

- Self-gripping for quick and easy installation
- Design makes the tie re-adjustable and re-usable
- Ideal for use where frequent access is required and where over tightening is a concern - such as on data cables
- Available in a selection of colours for ease of identification

One Wrap Velcro® Tape

A non-adhesive velcro loop. A very popular multi-purpose velcro product supplied in rolls which are easily stored, giving the flexibility to cut lengths as they are needed.

Part No.	Length (m)	Width (mm)	Colour
