

## Spiral Wrap

### Spiral Wrap Binding

Made from polythene. Available in natural or black. Ideal way of cable binding for harnesses etc. Cut to fit - no waste. Re-usable with retained spiral strength.

| Part No. | Internal Dia.<br>(mm)<br>E | External Dia.<br>(mm)<br>D | Width Dia.<br>(mm)<br>W | Bundle Dia<br>(mm)<br>Min. - Max. | Coil Size<br>(m) |
|----------|----------------------------|----------------------------|-------------------------|-----------------------------------|------------------|
| SP2*-10  | 2.3                        | 3.5                        | 5                       | 2 - 15                            | 10               |
| SP4*-10  | 3.7                        | 5.0                        | 7                       | 4 - 20                            | 10               |
| SP6*-10  | 6.5                        | 8.0                        | 10                      | 7 - 40                            | 10               |
